With the way things have not changed yet and everyone not being able to play there's not much to report. Hopefully things will loosen up a little soon so we can get out as a club again and enjoy our cars and each others company again.

OFFICIAL CONVERSION CHART

**HOW TO INTERPRET
ANTIQUUE CAR ADS**

IF IT SAYS:

IT REALLY MEANS:

Rare model.....	Nobody liked them when new either
Older restoration.....	Can't tell it's been restored
Needs engine work.....	It's been frozen for 30 years
Uses no oil.....	Just throws it out
No rust.....	Body and fenders missing
Rough.....	It's too bad to lie about
One owner.....	Never been able to sell
No time to complete.....	Can't find parts anywhere
Needs interior.....	Seats are gone
Rebuilt engine.....	Has new spark plugs
May run.....	But it never has
Low mileage.....	Third time around
Many new parts.....	Keeps breaking down
29 Coats hand-rubbed paint.....	Needed that much to cover rust
Clean.....	It sat out in the rain yesterday
Best offer.....	About what I expect to get
Always driven slowly.....	Won't go any faster
Prize winner.....	Hard luck trophy 3 times in a row
Stored 25 years.....	Under a tree
Real showstopper.....	Orange with purple fenders

HCC 2013-17 May

Here are the front covers for the Holden Club Newsletters for May from 2013 to 2017.

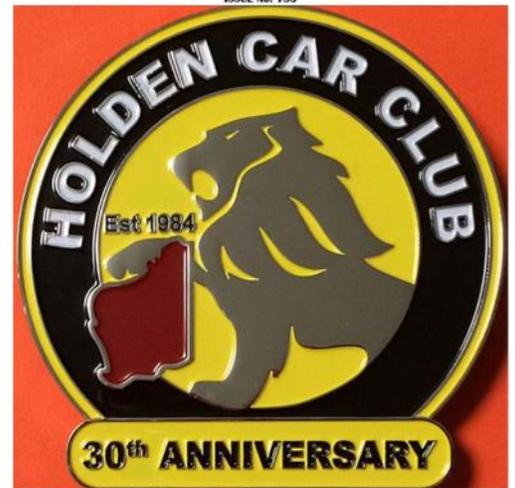

We didn't have one's for 2018 & 19.

Interesting looking back over these as the club has evolved.

Editorial:

Tune-up your Holden parts profits ...with GM's tune-up drive.

Put your customers' ignition systems in 'sound' shape, and you'll hear the happy ring of your cash register. And sweet music it is. NASCO are getting things started with a blast of radio announcements that will convince Holden owners of two things: their cars need a tune-up for top performance . . . and you're the people to do it best.

In this issue of Accelerator, there are some hints on how you can cash in on the new campaign. For instance, pages 4 and 5 illustrate some of the fast-moving tune-up parts you'll need to handle extra tune-up business. The campaign is on 'til end of June, so tune-in now on the new tune-up drive and start making extra parts sales and profits.

Our Cover

Tune-ups are all-important for peak power and performance. So follow the leaders. Tune your customers' cars . . . and tune in to new profit heights.

From Tony,

I have a very special commemorative Holden Paperweight which is dated 1962 which on the front has the silver Holden Lion emblem set in red enamel with a ring of silver/chrome surrounded by the five stars that make up the Southern Cross. On the back is "1962 the year of the millionth Holden" which is inscribed on chrome. I wish to sell this, are you or any of your members interested in buying this rare piece of Holden history? My mobile is 0418935812. Thank you. Tony Harben.

Price guide: \$900

From Barry,

The car has the following features:-

5 litre V8 with electronic fuel injection, 4 speed automatic transmission with lock up torque converter (the transmission was rebuilt some years ago and beefed up), power steering, tow ball, very good paint finish, alloy wheels. Whilst the car can run on LPG (a conversion I did myself) the tank requires re-certification. I am only the second owner. I also have a spare ECU and wiring loom plus engine manual as part of the deal. I have a manually operated electric cooling fan for the engine but have the original mechanical fan.

From Allan,

1985 Holden Drover aluminum tray back, full service history, workshop manual, spare motor and various parts, original keys and service book.

Kms travelled 264841,

The new motor fitted 26/9/03 has done 82155 km.

There is no rust the body has been rust proofed, slight dent on the right fender, seats need repair.

The vehicle has been garaged at all time.

I am happy to provide further information if required.

From George,

I am looking for a EH sedan in better than good original condition, I am not after a project , I am not into heavily modified or a car with components that it did not come out with, I make an exception to a front end up grade.

I know that sort of car is out there we just have to connect.

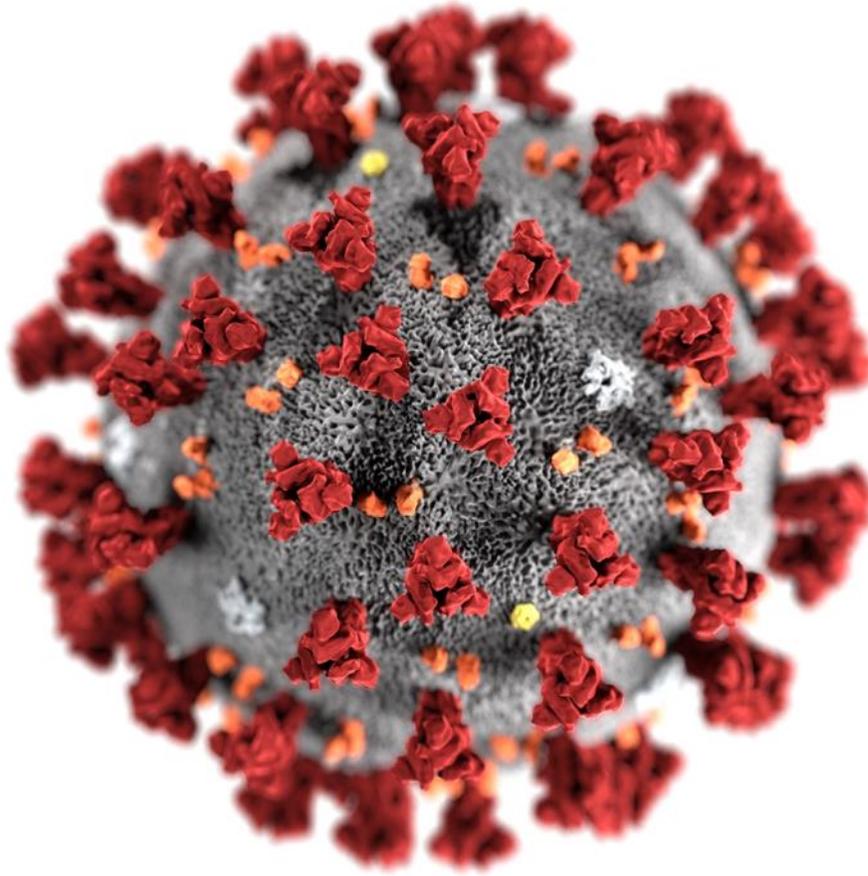

It's a cash deal , but I don't print the stuff.

Ed: This is an enquiry from the HCC Facebook page. If you have or know of an EH for sale that might meet George's requirement, let me know,

Cheers,

Craig
